

Custom Mesh Screen Worksheet

Fill in all the information below and submit worksheet by fax (877-426-6327) or email to Jean Boles (boles@condar.com).

Please give us the dimensions of your fireplace, before any deductions are made:

Keep all dimensions in 0.25 inch increments (fractions must be converted to decimals).

Actual Fireplace Width: _____ **Actual Fireplace Height:** _____

Ring Size

1/2" diameter rings are standard on all Condar Screens. Other sizes are available upon request. Please indicate the ring size you need or write "no" if you do not want rings.

Indicate Total Height Here
Does this height include the 1/2 inch (1cm) rings? _____

Condar recommends leaving a small gap between the bottom of the screen and the hearth floor. This will prevent the screen scraping against the hearth floor.

Indicate Number of Panels:

Single Panel: _____

Two Panel: _____

Indicate Total Width Here
Does this width include the additional 25%? _____

Condar recommends adding an extra 25% to the width of your fireplace opening to ensure desired draping.

What color would you like?

Black: _____

Brass: _____

Stainless: _____

You must fill out every field. Condar custom fireplace screens are nonrefundable. Please allow three weeks for delivery.

Do you want to order a Rod and Valance Kit in addition to this screen? _____
